(Click to view full) Comments: ☆☆☆☆ (2009-09-29 17:31) 2 years ago This game is undoubtedly similar to the Soul series, which was created by Frogster, only more Advanced. I love to play it with my friends. If you like action role playing, I would strongly recommend this game! ☆☆☆☆ (2009-09-30 20:26) 2 years ago This game is definitely worth playing. I got to the last part of the game and there was a bonus dungeon. ☆☆☆☆ (2009-11-12 22:09) 2 years ago I like my games to look pretty and this is not one of them. If you like playing games that look good, forget this one. ☆☆☆☆ (2009-12-05 14:46) 2 years ago I really liked how the game was modeled out. However, some of the features are clunky and slow. It's not too frustrating, but it does get annoying when you wish it would play faster than it does. Overall, I liked it. ☆☆☆☆☆ (2010-01-08 02:17) 2 years ago If this game is anything like their Soul series, then it's one of the best games ever. The story was amazing, and it was one of the best "action role playing" games that I had ever played in my whole life. I highly recommend this game. ☆☆☆☆ (2010-01-11 14:05) 2 years ago This game is very easy but I don't like to play it because it is so frustrating to play it. This game is only fun if your strength is at least at level 3 and then go at the harder levels. This is the only game that I do not recommend you get, unless you want to play it for a quickie. ☆☆☆☆ (2010-01-15 19:45) 2 years ago This is a very fun game. I enjoyed the gameplay but I did find it quite boring. It got more fun when I got the ability to customize my character and the more powerful my character got, the more fun the game became. It was fast paced, and a lot of fun. If you like action RPG's, you're going to like this one. Overall, it was a bff6bb2d33
